ABOUT ME

Detail-oriented Python Web Developer with strong hands-on experience in building and testing scalable web applications. Skilled in Django, REST API development, HTML, CSS, and JavaScript, with practical experience in AWS deployment, database optimization, Git version control, and Agile methodologies. Strong in documentation, debugging, and delivering high-quality, business-aligned solutions.

TECHNICAL SKILLS

Languages: Python, HTML5, CSS3, JavaScript

Scripting: Python scripting, Basic Bash/Shell scripting

Backend Frameworks: Django, Django REST Framework, Flask, FastAPI

Databases: PostgreSQL, MongoDB, SQLite

Cloud and DevOps: AWS (EC2, S3, RDS, Lambda, Secrets Manager), Jenkins (CI/CD)

API: REST APIs, Third-party API Integration

Testing: Postman, Debugging, Logging

Tools and OS: Git, GitHub, Jira, Linux (CLI), Windows

Additional: Debugging, Logging, Prompt Engineering (Basic), Understanding of LLM workflows

PROFESSIONAL EXPERIENCE

Software Engineer, Gammaedge Technologies – Indore, MP

June 2025 – Present

Project and Client: Ikano Bank (Europe-Based Digital Banking Platform – IKEA Financial Partner)

Tech Stack: Python, Django, REST API, AWS, PostgreSQL, Git

- Built RESTful APIs for customer onboarding, loan management, and transaction processing.
- Developed and maintained secure backend modules for digital banking and financing services.
- Optimized database queries and backend performance to improve system reliability.
- Implemented authentication, authorization, and role-based access control.
- Conducted unit testing, debugging, and performance optimization.
- Collaborated with European stakeholders, QA teams, and product owners.
- Created and maintained technical documentation and API specifications.
- Actively participated in daily Scrum calls, sprint planning, and retrospectives.

Junior Software Engineer, BestPeers Infosystems – Indore, MP

July 2024 - June 2025

Project and Client: Decathlon Online Store (Global Sports Retail E-Commerce Platform)

Tech Stack: Python, Django, HTML, CSS, JavaScript, AWS (EC2, RDS, S3), Jenkins, Git

- Developed a full-stack e-commerce web application using Django.
- Implemented product catalog, shopping cart, checkout, and order management modules.
- Implemented authentication, authorization, and role-based access control to ensure data security and compliance.
- Integrated secure payment gateway and transaction processing system.
- Implemented CI/CD pipelines using Jenkins for faster and reliable deployments.
- Conducted unit testing, debugging, and resolved production defects.
- Deployed and managed applications on AWS infrastructure.
- Participated in daily stand-ups and sprint planning meetings.

Associate Software Engineer, Trumen Technologies Pvt. Ltd. – Indore, MP

June 2023 - June 2024

Project: StockPulse AI – Smart Inventory & Supply Chain Platform with AI Assistant

Tech Stack: Python, Flask, HTML, CSS, JavaScript, Git

- Designed and developed scalable REST APIs for inventory tracking, procurement workflows, and vendor management systems.
- Implemented Role-Based Access Control (RBAC) to enforce secure and fine-grained data access across multiple user roles including Admin, Teacher, and Student.
- Developed and integrated an AI-powered chatbot using Groq API across all modules for real-time query resolution and

automated support.

- Enabled chatbot accessibility for all user roles with context-aware responses based on permissions and roles.
- Improved user engagement and reduced dependency on manual support processes.
- Managed secure multi-user data access using RBAC and permission layers.
- Designed dynamic response handling for different user roles.
- Ensured chatbot performance without impacting overall system latency.
- Optimized backend performance by restructuring API logic and reducing unnecessary database operations.
- Supported deployment, debugging, and maintenance of production systems.
- Contributed to improving code quality, system reliability, and overall application stability.

EDUCATIONAL QUALIFICATION

Master of Computer Application - CGPA: 7.88 , SAGE University Indore	Aug 2021 – Sept 2023
B.Sc(Computer Science) - CGPA: 7.58 , DAVV Indore	July 2018 – Sept 2021

CERTIFICATIONS

Python Programming: Simplilearn	Aug 2022 - Jan 2023
C Programming: Data Flair	Sept 2021 - March 2022

LANGUAGES

Hindi: Native | **English:** Professional Working Proficiency
